

New Source Review newspaper advertisements for construction permit applications, December 13, 2007, for White Salvage. The following public notices have been published in the newspapers listed below each advertisement. This newspaper advertisement for construction permit application was published on one of the following dates: December 11, December 12, or December 13, 2007. Public notices are generally published every two weeks.

### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9<sup>th</sup> Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is White Salvage with a mailing address of 225 Markham Ave, Ripley, TN 38063. They seek to obtain an air contaminant permit (Division identification number: 49-0085-01/61469) for a Sweat Furnace located at the same address. This existing operation is made up of a sweat furnace for melting Aluminum scrap. Because of the amount and type of emissions, the use of pollution control equipment is proposed. There would be physical construction. Regulated air contaminants are emitted by this source. Ms. Sarosh Kaiser is the assigned Division person.

For the Lauderdale County "*Lauderdale County Enterprise*" -- published once on or before Thursday, December 13, 2007.
